Abstract

The purpose of this study was to develop and validate the efficiency of a training package on "Portrait Photography Taking in Studio." This developed training package was tested by using a sample group of 20 photographers interested in a taking portrait photography in studio. After finishing the training, the package was evaluated by testing the trainee's knowledge and achievement. Results indicated that the efficiency of the package was at 82.00/80.67 in theoretical achievement and at 83.71/87.24 in practical achievement which was higher than the criteria set at 80/80.
